Please make a difference today by supporting the Jefferson Cary Foundation Annual Appeal 2015.

Annual Appeal 2015

Jefferson Cary Foundation

Drive for Five

The Jefferson Cary Foundation Urges You to Join Us in Our

While providing ongoing support for capital projects and other special programs the Jefferson Cary Foundation has managed to build an impressive 'Endowment' Fund. This fund, which has been built one donation at a time through the 'Annual Appeal' has now reached \$470,000. The foundation's board of directors has set a \$500,000 goal before any of the income from the Endowment may ever be used. The nature of the endowment is such that only income generated from the fund will be made available with the fund's principal balance remaining permanently in place.

The goal of our 2015 Annual Appeal - The Drive for Five - is to surpass this \$500,000 goal and begin to make funds available to Cary Medical Center to improve health care services here in Aroostook County.

With your help by donating to the 2015 Annual Appeal bringing our endowment fund over \$500,000, we will be able to start using income generated from the Endowment Fund to help improve health care services at Cary Medical Center. Your gift to the Jefferson Cary Foundation is fully tax-deductible. All gifts will be acknowledged with receipt and our sincere thanks.

The Jefferson Cary Foundation has established a tradition of trust in the management of generous donations from hundreds of individuals that have helped to make great advances in health care here in the County. The Foundation has raised more than \$1 million dollars for capital projects at Cary Medical Center including \$250,000 for the Building for Oncology and Specialty Services, \$250,000 for the Center for Women and Children's Health, \$800,000 for Cary's impressive Women's Imaging Center, and most recently, more than \$50,000 for the new Jefferson Cary Cancer Center.

In addition to capital projects the Foundation has also supported thousands of dollars in scholarships, provided funding for specialized training for staff at Cary Medical Center, and helped to renovate the Hayward Suite an apartment like facility for families of critically ill patients. A special fund to help prevent Stroke created by the family of Dr. Cesar Siruno has been managed by the foundation and it has supported a community based exercise program for patients recovering or coping with cancer or other chronic disease.

Thanks to our donors the foundation has been able to respond to multiple requests all directed towards improving care and advancing technology, establishing Cary Medical Center as one of the leading rural hospitals in America. The Foundation has also preserved the memories and legacy of individuals for whom special funds have been created through the 'Memorial' program. More than \$100,000 has been donated to the Memorial Fund and income generated from these funds helps to support scholarships, special programs for youth in the County, as well as professional education for the hospital's medical staff.

Won't you please join us in the important work we are doing to help create a healthier community? Please make your donation today. If you would like to learn more about how you can help or have any questions please call the Jefferson Cary Foundation at 493-4849.

Thank you.

Drive for Five

Mission Statement

The primary purpose of the Jefferson Cary Foundation is to support and enhance the programs and services at Cary Medical Center and improve the health and well-being of the communities it serves.

Jefferson Cary Foundation

A nonprofit 501(c)3 fund raising organization created for the purpose of improving health care in Aroostook County.
